

CHEM.SUIT, TRELLECHEM SUPER T-ET, “B” M

Material no.: 1022284

Highly chemical resistant and durable suit, yet soft and flexible, it has an outstanding performance record and users within all areas.

The design is a non-embalming design type T (with face seal and without hump, BA worn outside the suit). A ventilation system is included as standard. For the safety of the wearer, it provides a constant level of overpressure inside the suit. The AlphaTec® Regulating valve MkII has 3 ventilation rates (2, 30 and 100 l/min) plus zero/off position. CEJN 221 male coupling for connection to the SCBA (requires separate connection hose). One overpressure valve on the chest.

Following is included in each delivery:

- 1 pce AlphaTec® Mini Hood for protection against inward leakage between mask and face seal, in case of jet spray from behind
- 1 pair of cotton comfort inner gloves
- 2 pcs extra locking pins for the Bayonet glove ring system
- 1 pce Molycote lubrication for the O-rings in the Bayonet glove ring system
- 1 pce grease stick for lubrication of the zipper
- 1 pair of comfort silicone oversocks (only for suits with sewn-in socks)
- 1 pce coat hanger
- 1 pce AlphaTec® storage bag
