

AFF foam (2%) for 150 ltr extinguisher (3 ltr.) for A.B.S

Item number: 1038009

AFF Foam is a special A.F.F.F. superconcentrate 1% / 3% specially developed for extinguishers. It has a great stability. It creates a floating high resistant film over burning liquids. The foam is used for 150 Ltr. trolleys and is stored in a bottle (3 Ltr.). Foam is used against fires of wood, textiles, paper and very effective for flammable liquid fires.

Material: Sealfire® for EN 3.7 - Med Marine & EN 1866-1
Content: 3 Ltr.
