

EEBD, Dräger - Saver CF15, Steel Cylinder, Full

Material no.: 1043554

The Dräger Saver CF constant flow Emergency Escape Breathing Apparatus allows safe, effective and uncomplicated escape from hazardous environments. Simple to put on and featuring practically automatic operation, this hood-based, positive-pressure breathing device can be used with minimal training.

In emergency situations, conditions can deteriorate rapidly. The air is suddenly filled with smoke or toxic fumes and rapid escape is the only available option. The Dräger Saver CF is highly visible and was designed to be suitable even for people with spectacles or facial hair. When opened, the Saver CF is automatically activated and begins feeding a continuous supply of breathing air. The Saver CF gives the wearer the precious additional time needed to exit the area safely.

Breathing protection : 15 min

Material cylinder : steel

Content / pressure / cylinder : 3 liter / 200 bar

Low content warning : yes, audible

Carrying : bag

Colour : orange

Features : automatic activation, Long life neck seal

Class : 2.2

UN-no. : 1002 (compressed air)

dimensions : L 510 x W 190 x H 260 mm

total weight : 5.2 kg

approvals : MED
