

# CHEMICAL SUIT, GASTIGHT, ANSELL, TRELLECHEM® LIGHT TR, EN943-1, SIZE L

---

Material no.: 1070837

The Trellechem® Light type TR provides protection against hazardous chemicals in liquid, vapor, gaseous and solid form and specially good protection against acids and alkalis.

Designed to carry the breathing apparatus outside the suit. The suit is fully certified in accordance with the European standard EN 943-1, type 1b-B.

The Trellechem® Light material is made of a strong and flexible polyamide fabric, which is coated with PVC on both sides. This construction provides a soft and durable material with good resistance to a wide range of industrial chemicals.

The material is antistatic to EN 1149-5.

The suit is delivered without SCBA or any other type of mask.
