

Single shot line-throwing device, PLT SOLAS

Material no.: 1071848

Solas approved Single Shot Line-throwing device. Launching up to 6 times without refilling the air cylinder. The minimum launching distance is 230 meters.

The PLT® Solas Launching Unit works on either 200 bars (2900 psi) or 300 bars (4350 psi) and is refilled by using a high-pressure air compressor. It can be used again immediately after being refilled with compressed air. Since the PLT® Launching Unit works on compressed air, it does not have an expiry date and is not considered as dangerous goods.

Content:

- 1 pc. PLT® Solas Launching Unit
- 1 pc. PLT® Solas Launching Tube
- 4 pcs. PLT® Solas Projectile (incl. line 230 meter line).

USP:

- Non-pyrotechnics line-thrower
- SOLAS/MED approved
- No expiry date
- No service needed (only hydrostatic test of cylinder)
- Lifetime expectancy as vessel
