Subject EC-Type Examination Certificate Marine Equipment for Viking Immersion      Our ref HWW/7.7-1/233  
Suits issued by FORCE Dantest CERT Certificate Number DK-0200-F.071

1. Please be advised that I have now reviewed the EC-Type Examination Certificate Marine Equipment for Viking Immersion Suits issued by FORCE Dantest CERT with Certificate Number DK-0200-F.071, issued on 2004-08-23.
2. Please be advised that with this certificate the Immersion Suits are acceptable for use on vessels flagged with states that are part of the European Union.
3. In addition the Immersion suits will be accepted for use on Liberian flag vessels, because the Liberian Authorities have informed us that equipment with type approval in accordance with EC Directive 96/98 is acceptable for use on board Liberian flag vessels.
4. For vessels sailing under other flags, the certification by FORCE Dantest CERT will only be accepted by Lloyd's Register if acceptance of the certification by the National Authorities of that flag is provided.
5. If you have any questions regarding the above, please do not hesitate to contact us.

Best Regards,

Henriëtte Weijs  
Surveyor to Lloyd's Register EMEA
