

Multi-layer Immersion Suit

Material no.: PS5006

PS5006 is a PU coated nylon immersion suit without buoyancy. The suit is made of heavy duty outer fabric for best durability and lifespan. The suit has an extended zipper which gives the suit a better in-water performance and ensures quick donning. The extended zipper also provides more comfort for the user and minimizes water ingress. It is packed in a small bag for easy storage. The suit comes with detachable gloves for easy donning and heavy duty sole for better durability. The yellow color ensures high visibility for the user. The suit must be worn with an approved lifejacket. All suits are produced in-house according to stringent manufacturing requirements.
